Covid / Pandemic

Covid - In the Henley & Claverdon area have dropped slightly (75 per 100,000 – which works out to about 6) and have dipped to just below national average – if you remember last month was 7. Over 50's are now being called in to have the latest booster....

SWLP Issues & Options Consultation

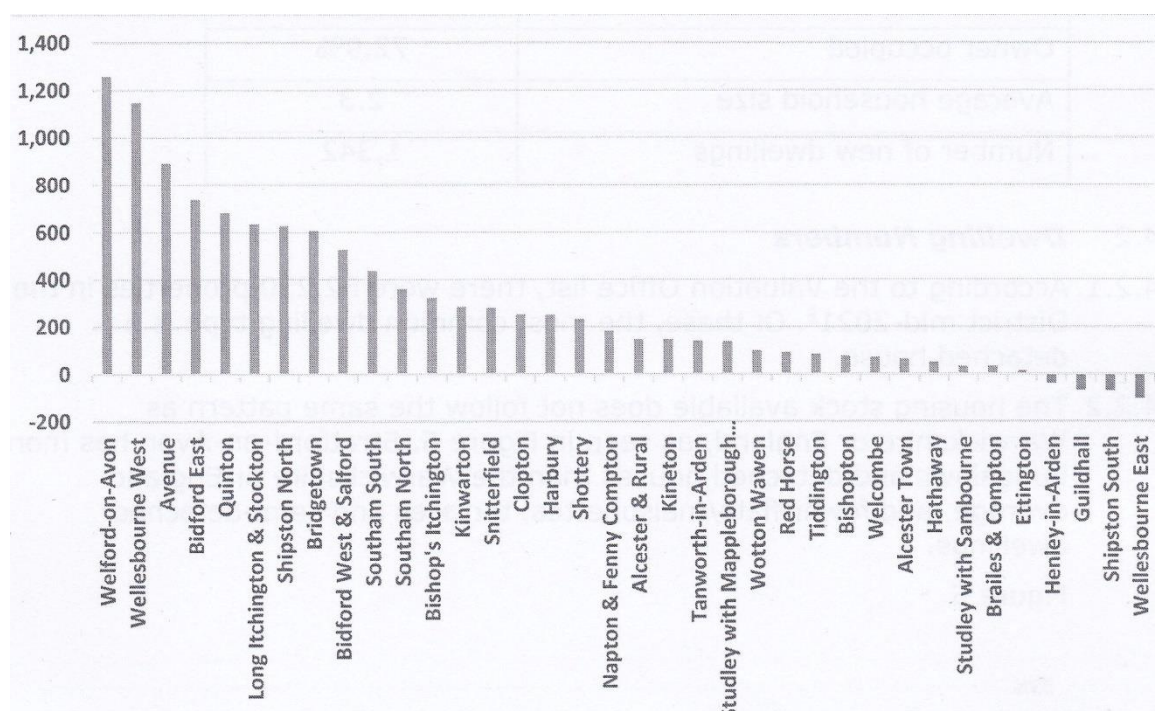

The publication of the South Warwickshire Local Plan Issues and Options Consultation had been scheduled for November 2022; however this is now subject to a short delay. It is now expected to be presented to the two Councils' Joint Committee in December, with a 6-week consultation period commencing in early January 2023. The reason for this is a delay in the availability of a key piece of evidence to inform the Plan - the Housing and Economic Development Needs Assessment (HEDNA) - which was affected by delays in the release of relevant 2021 Census data.

Full Council - State of the District report

I have pulled out some of the interesting graphs for the Stats lovers from the 'State of the District' report made by the Leader of the Council at Full Council a few weeks ago !

Population Growth

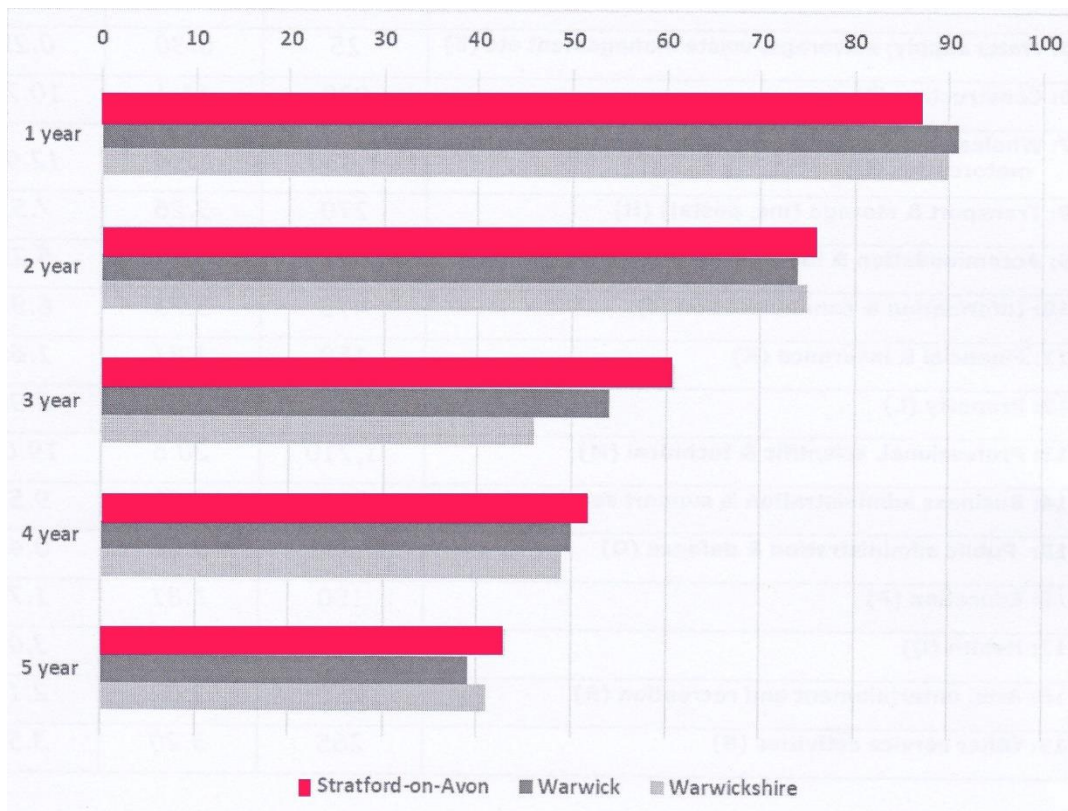

Figures below show the estimated changes to ward populations over the past 6 years. Welford has grown by 1260 and if you look at the other end of the scale... Henley (along with 3 others) have contracted...
