

Comparative quotes for Henley in Arden Town Website

	PRO'S	CON'S
HTDL £3250	Local firm already run JPC website Web hosting £300 per annum	£250 charge initial population £250 p/m tech support & update
Future Works £2766	Provided a 12% discount Hosting & Support & Training £540 p/a	Unknown company
Creative Touch £2500	Local Company, access to all artwork Cheapest quotation Editable content & event marketing inc Web hosting £240 per annum Ind Event adding, daily back ups & management £180 per year.	Declaration of interest from Chair

All companies were provided with the same brief, HTDL were invited to re quote to exclude e-commerce facility.

Considering the above pro's and con's for each quotation, my personal recommendation would be to appoint Creative Touch design. They already hold all the content and images, therefore we would have no additional costs involved in the initial set up (eg £250 with HTDL)

The company is a local business who understands the workings of the JPC in depth.
