

Flood Action Plan

- Contact Environment Agency and Warwickshire County Council to review and create an action plan
- Organise a task group between JPC and public to review the plan
- Create a new town emergency plan booklet
- Report on Warwickshire County Council findings
- Suggest floodgate suppliers and other flood preventative product suppliers

Your House - Your Responsibility

20mph Initiative

- The JPC will build on the work completed by the Henley Traffic Calming Group to date.
- Road markings to be provided [roundels] to enhance visibility of new speed limit.
- The JPC will press for more consideration by WCC on side roads management.
- Speed signage and gates made more visible by groundworks undertaken by the JPC.
- Bright and cheerful planters to be added to gates.
- The JPC will appoint a working party to manage and report on further progress.
- The JPC will continue to investigate enforcement and average speed monitoring.
